OLYMPIC Banking System in Ivory Coast

The "Banque de l'Habitat de Côte d'Ivoire" (BHCI) has selected the OLYMPIC Banking System to modernise its IT infrastructure. BHCI, whose shareholding was taken over last year by the Canadian group Westbridge, has been active in the mortgage business for nearly 25 years in Ivory Coast. Westbridge, Canada's first mortgage Real Estate Investment Trust, is planning to further expand its involvement in the region.

LE COMMERCE ET L'INVESTISSEMENT S.M.

OLYMPIC Banking System in Burundi

The Banque Burundaise pour le Commerce et l'Investissement (BBCI), headquartered in Bujumbura, the capital of Burundi, has chosen the OLYMPIC Banking System as its new IT platform for all its operations. BBCI is one of Burundi's largest banks, serving individual and corporate clients. To support its growth strategy, the bank issued an RFP with the objective of replacing its existing core banking system with a modern, flexible and scalable solution. After a rigorous evaluation process, the OLYMPIC Banking System was selected based on its broad functional coverage and technological strengths. Anatole Manirakiza, Director and CEO of the BBCI, stated: "We are extremely ambitious when it comes to choosing what banking services we offer our clients and we wanted to be sure to have the right solution. We carefully evaluated the packages available and concluded that the OLYMPIC Banking System was the perfect match for our current and future requirements."

26th Challenge Inter-Banques Trophée ERI in Monaco

Organised by the Yacht Club de Monaco under the patronage of AMAF (Association Monégasque des Activités Financières) and co-sponsored by ERI. Nine crews from banking and finance companies were invited out on the water for a weekend with team building as a focus.

Sailing on J/70s, made available by the J/70 Monaco Class Association, participants enjoyed superb conditions throughout the weekend. Summer temperatures contributed to the success of the meeting that started Saturday with an inshore race from Monaco to Mala beach, Cap d'Ail, followed by lunch by the sea before racing back to Monaco and the YCM.

For Crédit Suisse Genève it was their second victory in a row at this event. Once again, another fun weekend of friendly competition and team building: a winning formula for the last 26 years.

SITC - Systems In The City Awards 2018

ERI wins the "Best Private Banking System" Award at the recent Systems in the City Awards, held in the City of London.

SITC Awards are positioned as being a leading endorsement for suppliers of services and systems to the regulated financial services sector in the United Kingdom.

ERI is proud to have been voted the winners of this prestigious award by independent experts. This acknowledges both the tremendous, diversified experience that's evident in the functional coverage offered by the OLYMPIC Banking System but also the quality of the services provided.

Swiss – European – Asian WealthBriefing Awards 2018

ERI, with its OLYMPIC Banking System software package, has been crowned best in "Front-Office" category in Switzerland and in "Transaction Processing" category for Europe and Asia by WealthBriefing, the leading online journal and news website dedicated to serving the Private Banking and Wealth Management sector.

4L TROPHY - The 2018 Humanitarian action – competition adventure is over!

For this 21st edition, a new team represented the colors of ERI, Guillaume Roth and Julien Deffay, both 22 year old students. The special 4L Van Model had the number 1445.

After traveling 6,000 kilometres, their final race position was excellent: 635th in the final standings of over 1,500 cars.

See you next year for the 4L Trophy 2019 edition!
