December 2009

### **OLYMPIC Banking System goes into production at Morocco's Trésorerie Générale in Rabat**

Morocco's Trésorerie Générale decided to install OLYMPIC Banking System to manage cash transactions executed as part of the Treasury's banking activity carried out via its branch network. In addition to the main branch in Rabat, the system is used by all its 54 branches located in the main towns of the Kingdom.

Thanks to this new implementation, OLYMPIC Banking System underscores its ability to manage General Banking operations, constituting an up-to-date, high-performance solution capable of supporting an ever wider range of institutions.

In acquiring OLYMPIC Banking System, Morocco's Trésorerie Générale is benefiting from a platform which offers both wide functional coverage and is also tailored to meet local requirements.

Michel Mathys, ERI's Sales Director, expressed his satisfaction "This new contract is the fruit of the trust shown by one of the major players in Moroccan finance not only in our product, but also in the partnership with ERI".
